“ I use to see Betty every day when I visited the hospital and nursing home in Carlisle a few years back. She was a good of a woman as there ever was. We use to always share a hello or a word or two and I so appreciated it. I had the privilege of sharing in her mother funeral years ago. She was the splitting image of Betty as they were both saints to me. To the family I love you and thank God for you and your Mother and Grandmother. I am a better person today because of knowing them.
