“ I remember walking into 5th grade and meeting Cameron for the first time the teacher sat me next to him and my cousin and from that day on I felt like cam was the only real friend that I had at Nicholas County and I had a lot of good memories with him but I think the thing I remember most abt Cameron is how he was always nice to everyone or the time he tried to sneak alcohol to the kinders birthday party in 8th grade and his dad heard the bottles clinking together so he got in trouble and didn't get to come but Cameron was always the funniest sweetest guy and I would give anything to just give him a big hug right now and have one last laugh

“ One of my favorite memories with Cameron is when we were in 3rd period and he always loved to pick on Mrs.Allison and there was something on the papers and he kept going “ew boogers” and it was just so funny. He always made me smile so much. Everyday he’d ask if i had a dollar and 25 cents so he could get a kickstart i’d always feel bad and give in. I use to draw letters on his back and have him guess which letters i was drawing . and cameron being cameron wouldn’t take notes and i wanted to make sure he got his paper done so i would always right them for him. It’s going to be different with out him . i’m going to miss his smile A LOT. he was one of a kind- megan craig

“ He would stay the night with Blake, they would play games till late. By the next day they would get up late and come to our house and be ready for lunch and they ate. But they always had a private joke and be laughing and sneaking grins at each other and then couldn't wait to get back to Blake's to start playing ball or gaming again. Cameron was always so polite and happy every time u seen him.
