“ *I first met Phillip and Diana about 30 years ago playing darts in Lexington. We eventually ended up on one of the house teams out of Bubba's at 5th and Lime in Lexington. Not the best neighborhood but as long as I had Phillip, I knew I was safe. I knew I could count on him because he has literally carried me when I couldn't walk. I eventually lost touch with Phillip due to weird work hours and family obligations but he had been on my mind a lot the past couple of years. I really wanted him to meet another friend of mine that was cut from the same cloth and to be able to go to the range and show him some of my acquisitions over the years. I'm sad that I didn't make more time to do that. I've lost two very good men in my life this past week and I consider myself fortunate for having known both. Meeting Phillip definitely changed my life for the better and I'm sure there are a lot of other people that feel the same.*

“ *I worked with Philip's wife, Diana for many years and consider her to be a good friend. I really never got to know Philip very well, but after reading all of the wonderful things that were said about him, I do believe that he was a one of a kind man, and definitely had a beautiful spirit. So sorry for your loss Diana. I know all will miss him.*
